Dr. Mintie's Nephreticum works wonders in all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back side and loin are cured when all other medicines have failed.

See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum: "We have sold a large amount of Dr. Mintie's medicine; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."

John A. Childs, Druggist, Second street, Portland.  
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.

For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills. For Fever and Ague, Use Dr. Mintie's English Dandelion Pills. Every family should keep the English Dandelion Pills on hand.

THE WARNER BILL.

The *Silver State* expresses surprise to find any paper in Nevada opposed to the Warner silver bill which provides for free coinage and makes eighty-three cents worth of silver pass for one dollar. It is principally because we live in Nevada that we do oppose this bill. If we lived in New York state the difference between the purchaser and his creditor would not affect us but here we receive the silver at first hands and the loss falls directly upon the men engaged in merchandising, laboring etc. For instance A is a miner and B a merchant whom he owes. According to this law A takes his silver to the mint and has it stamped, after which he pays his debt to B with it at par. B bought his goods at gold prices. How will such transactions as this help the state of Nevada? "But" the *Silver State* will say "silver will soon rise to par." How will it rise to par when the government is not allowed to coin its own silver but is forced to sell it to speculators before it can be coined. The effect of this must be plain to any reasonable man. Silver will never touch par. There is nothing in this law to send it up even if brokers did not interfere to force it down, which they will have every opportunity and inducement to do. The effect will be more than ever to build up an oligarchy of ignorant silver kings, who will run the country by main strength, regardless of right or wrong. They will reap the whole benefit of the discount on silver and will flood the country with coin which will not be interchangeable with the money of other countries and the effect will be to drive out gold. A class of Nevada's citizens will be benefited at the expense of all the rest of us which would prove a curse instead of a blessing to the state at large.

EDITORIAL NOTES.

The *Silver State* says we favor a protective tariff for iron, sugar, etc., but are not willing to allow legislation in favor of silver. We would favor a protective tariff on silver just as quick as on anything else. If silver cannot be produced without help put on a tariff and let the government pay for her silver with the tariff added, then let her coin it into a dollar and it will pass readily in this country and put gold into the vaults of London and Frankfurt banks. The whole people of the United States will be paying a premium to the rich men who own silver mines in this country, who will ride down the rest of us, run the legislatures, own the railroads and sit on everybody who does anything they do not like.

For several days the air has been full of rumors of riot and bloodshed, of armed mobs and secret attacks which would befall San Francisco today if the vote was against the new constitution. The indications are that the vote will be negative, but the blood of San Francisco still courses in its accustomed channel.

The Democratic papers continue to cry out about soldiers preventing free elections in the south. The spectacle of one soldier bulldozing the votes of 70 square miles of territory is enough to make the world stand aghast.

The silver men of Nevada got a dose just a little too strong for them for once. Not one of them has espoused the Warner bill. Perhaps they are waiting to see what their copy books in the East say about it.

The Donner Lake fight gun fires another shower of Leamon juice at the Gazette this morning. It may amuse him and doesn't hurt us.

Sutro supports six fare games. Among them all the honest miners ought to get a fare deal.

The Gazette is indebted to Hon. John P. Jones for volume 6 of the Congressional Record.

Harry Michaels, of the Carson Appeal, is gradually sinking.

Kearney dies to-night, mamma.

A Washington special to New York affirms positively that the President will sign the bill to prevent military interference at elections, and it was because he was favorable to it that led a portion of the Massachusetts members in the caucus last night to sustain the bill. The President is anxious to bring the present agitation in congress to a stop as soon as possible.

THE CONSTITUTION!

How the San Francisco Newspapers Stand.

Mining Tunnels in Europe—The Black Plague—The Denaisurus and Other Matters.

[Special Correspondence of the GAZETTE.]

There is not much going on here besides the agitation over the proposed new constitution. The Nevada people who are so unfortunate as to be subscribers to San Francisco papers must be terribly bored by the discussion, as indeed we are here. Nothing in the papers but wearisome repetitions of the same arguments and campaign lies, to the exclusion of all matters of general interest. That the constitution should have become a stale subject is not to be wondered at, since, for over a month, it has been in everybody's mouth. But let no unhappy reader of this letter imagine that he is to escape the dreaded moralizing of the newspaper correspondent. You must take your political medicine before you are treated to any gossipy preserves. The writer does not know how you are off for constitutions in Nevada, but hopes you may long be spared the ills which attend such an agitation as this which now plagues us. This notion of overturning established principles of government is in itself vicious. We need more conservatism in this country. The new constitution is the outgrowth of a party which contains all the idle, the drunken and the vicious in our population. Its underlying principles are a narrow jealousy of the rich and an ignorant opposition to capital. Its aim is to enrich all corporations, all property holders; to discourage accumulation of private wealth. But, there; you have had enough of this. I forgot that I was writing for a Nevada paper.

It would require an army of recording angels to take down all the lies which are being told in this campaign. Lies have been sown broadcast all over the state, and a few of the newspapers take to the work of their dissemination with a facility born of long experience. All the newspapers have taken part in the fight—all except the *Call*. Far up on the heights of contemplation Pickering sits unmoved by the noise of the combat, and calmly weighs the chances. The *Call* gives "both sides" and assures its readers that there never was a better time for small advertisements. Pickering is not to be bulldozed into taking sides upon the question. *Call* will not "prejudge," but after all, there is something very unreasonable in the notion that newspapers should do the thinking for their readers. A partisan newspaper may tell the truth, but never the whole truth. Perhaps the Picksonian idea of a newspaper is the best. As a correspondent would be incapable if not prophetic, it is incumbent upon me to declare the result of the coming election. Therefore I have no hesitation in saying that, if not respectfully declined on Wednesday, there will unquestionably be a majority in favor of its adoption.

A late number of *Nature* contained an account of the Joseph II mining tunnel, which was completed late last year. This tunnel was in course of excavation for almost a hundred years. Its length exceeds ten miles, and it is said to be the longest mining tunnel in the world. It intersects the mines at a great depth, but just how deep the account referred to does not state. Very little notice seems to be taken of the completion of these mammoth undertakings which have taken so much time for their construction. The tunnel mines upon the line of this tunnel had almost ceased to be productive, but the Joseph adit opens up a new era of prosperity for the miners of that section of Hungary. The value of Sutro's tunnel to the mining interests of the Comstock seems hardly yet appreciated. But what a pity that it didn't get into the Comstock a thousand feet deeper.

The *Chronicle* lately tried to frighten us into the belief that the terrible Black Plague had come amongst us, but nobody got scared. The *Chronicle*, you know, is not always believed, even when it tells the truth, as of course it sometimes does. You remember the fable about the boy who used to cry "wolf! wolf!" to frighten other people, and was at last devoured because no one would come to his assistance. The wolf may get after the *Chronicle* one of these days in earnest and then who will help the *Chronicle*? The devil takes care of his own, they say, but who looks after the devil? We have occasional suicides, but they have been rather infrequent of late. Perhaps the despondent are waiting the result of the coming election. The papers have given us no first-class bed-chamber sensations lately. The key-hole reporters have all their time taken up now in hatching out reports of meetings and interviews with politicians. Kearney continues to hold forth on the sand lot every Sunday. Your correspondent has been much interested in tracing Dennis' descent from an animal now unknown upon the earth, but whose descendants are, unhappily numerous. This letter does not afford sufficient space to give all the grounds for this theory regarding Dennis' derivation, but the leading points of resemblance you will see are striking. The Denaisurus is now found only as a fossil, but roamed the earth during a comparatively recent geological period. The most marked peculiarities of the Denaisurus are a very small brain and a very large jaw. Business is almost stagnant. Men say they have never seen it so dull. The superintendent of Wells, Fargo & Co.'s Express told me the other day that he had been compelled to discharge some half dozen expressmen, having nothing for them to do. This

is a significant fact, as the express business is an excellent gauge of the state of affairs in the country, being so blended with the country trade. There is an army of unemployed clerks in this city. For every vacant place there are a hundred applicants. There are too many people that want to get a living without labor. Everybody is in a hurry to get rich. Everybody gambles—in stocks or something else—it don't make much difference what you call the game. Nobody will work except for high wages. There is too much liquor drunk, too much "oratory," too many elections, too much Kearneyism, communism, and socialism. These are some of the causes of our dull times. WARREN.

# Reno Evening Gazette

WEDNESDAY, MAY 5, 1879

Nastocks-to-day. Board adjourned for election.

## JOTTINGS.

—Freight traffic over the railroad continues lively.

—J. K. Everett is laying a new pavement around his store.

—The display of jewelry in I. Fredrick's show cases is superb.

—The reform club held their first meeting at the pavilion this evening.

—The district court has been engaged pretty much all day with probate matters.

—The fire laddies had the fire engine out to-day, trying her throwing powers.

—There is a message in the Western Union telegraph office for E. P. Devine.

—Miss Frudenthal of San Francisco, is paying a visit to Mrs. George Schaffer of Reno.

—John Richardson, who had his collar bone dislocated a few days ago, is able to be out again.

—Cellars put up in glass pickle jars have been received at the White House of Abrahams Brothers.

—The high wind last night probably saved the entire fruit crop of the valley from being killed by frost.

—Thomas Hitchcock is improving, so Dr. Bergman says, and is much better, apparently, than when last heard from.

## A Dangerous Playground.

The bank of the creek in the rear of the school house is a favorite playground for small children, and some of them are likely to get drowned in their romps there. Last Sunday the little six year old girl of Mrs. Squires fell into the creek and would have been drowned but for the timely assistance of a passer by. The creek ought to be fenced in to guard against accidents of this kind. In the meantime parents cannot be too careful about their children playing in this dangerous vicinity.

## The Reno Shooting Club.

[Pacific Life.]

The Reno Shooting Club last two Huber and one Bogardus trap in the late fire, and also the glass balls they had on hand. We advise them to buy a pair of Card's patent retarding traps. The leading members of this club are C. H. Stoddard, president; Pierce Evans, secretary; B. F. Bacon, Fred Teasland, Matt. A. Prescott, Dave McFarland, W. R. Chamberlain, Allen Bragg, R. Parker, W. A. Walker, Charles Knust, A. K. Lamb, C. A. Reed, and R. P. Ferguson, of Boon.

## Highland Ditch Matters.

It is expected that the Highland Ditch will be completed about thirty days from now. The tunnel will probably be longer in getting through, as the work on it is progressing rather slowly. A complete system of water mains and pipes will be laid through all the streets of town as soon as the material and debris of buildings at present encumbering them is cleared away. When the ditch is finished and the pipes laid, Reno will have a complete and reliable system of water works.

## Grasshoppers.

A gentleman at Beckworth writes the GAZETTE that the locust eggs are very plentiful in that locality, but that few are hatching at present. No steps are being taken to prevent the ravages of the insect. J. G. Lemmon writes under date of May 2d that only small patches of the valley are permeated with larvae so thickly as to create alarm. He is rather hopeful than otherwise for the coming season, as the crops never looked finer.

## Climatic.

Scene on Virginia street. (First prominent citizen.) "I don't know whether this is a spring season or fall weather. (Second prominent citizen.) "I know it is the sheep shearing season, but don't know whether it is the spring shear or the fall clip." First p. e. laughs, then second p. e. laughs; and then something is said about Dr. McKenzie, and both go into a doorway and smile.

## Pyramid Lake District.

Jas. Borland, of Rye Patch, an old and experienced miner, visited Pyramid Lake district on Sunday. He returned with a very favorable impression of the camp. He thinks there must certainly be a big body of bodies of ore where there is everywhere such favorable indications. It will be very strange if the Comstock is the only mine in the western end of the state.

**Fined for Violating the Drummer Law.**

A San Francisco drummer, giving the name of A. Rothchild, was arrested last night on a charge of selling goods without a drummer's license. He pleaded guilty, and was fined \$50 and costs, amounting to \$61, which he paid.

## Fire at Glendale.

The dwelling occupied by Henry Whistler, on the Savage ranch at Glendale, caught fire yesterday from a defective stovepipe, and was totally destroyed. A high wind was blowing at the time, and the house burned so quickly that only a few trifling articles of furniture were saved.

## Soon be Going.

James Bradley is rebuilding his blacksmith shop but not on the old site. He is now located near Lee's stable on Fourth street where he is almost ready to be sheeing, repairing of wagons, tools etc.

# THE ELECTION.

Kearney and the Chronicle Taking their Dose Quietly!

An Immense Vote With The Results Doubtful!

[Special dispatch to the GAZETTE.]

TRUCKEE, 2 P. M.—Big turn out at the polls. Will be a large election. No excitement. Everything passing off quietly.

SACRAMENTO, 2 P. M.—Immense crowds on the streets. No rows or bloodshed to any extent.

SAN FRANCISCO, 2 P. M.—Everything very quiet. Everyone thinks will go against. Vote will be immense. Business houses closed, both wholesale and retail. An unprecedented interest is manifested. Congratulations are freely exchanged between those opposed. Victory is assured.

SAN FRANCISCO, 4 P. M.—Everything goes well, but the excitement is intense. The election throughout the state promises to be very close. No wars or riots anywhere in the country that have been heard of.

SACRAMENTO, Cal., 4 P. M.—Vote here running very close. The returns from the mountain districts seem to be against the new constitution.

## BUSINESS NOTES.

The iron doors are being put in H. Manning's building.

Cookes' new building is having the finishing touches put upon it.

The shelves and counters in the two stores of Barnett Brothers are being arranged for their return from below with their stocks.

J. K. Everett is making considerable improvements around his store. He has torn down the old awning and is having a new one built.

Work on the Arcade Hotel is progressing finely.

The carpenters are finishing up the Depot Hotel in a hurry.

## The Town Government.

The Commissioners at their session yesterday passed the necessary ordinances for town government. The ordinances adopted are about as good a code of laws for Reno as could have been devised. The ordinance relating to nuisances is exhaustive and covers very nearly all the cases here. If it is enforced properly it will have a wholesome and most salutary effect. The riding or driving of horses at high speed through the streets is prohibited. Dogs are taxed, as indeed they should be, females \$5 and males \$3. The shooting of fire-arms within the town limits is also forbidden.

## The Elect and their Majorities.

The results of the Virginia City election are as follows:

Mayor, Captain John S. Young (Rep.), 103 majority; Chief of Police, Nelson A. Allen (Rep.), 4; Tax Collector, John A. Mahoney (Dem.), 457; Assessor, George W. Robertson (Rep.), 458; City Attorney, Jas. H. Graham (Dem.), 42; Treasurer, George A. King (Rep.), 253; Alderman First Ward, William Coyne (Dem.), 74; Alderman Second Ward, Jas. W. Orndorff (Rep.), 136; Alderman Third Ward, Ben. C. Moore (Dem.), 171; Alderman Fourth Ward, John Barclay (Rep.), 63.

## Petition in Behalf of Ah Chouey.

A petition was circulated around town to-day, praying the board of pardons to commute Ah Chouey's sentence to imprisonment for life. Quite a number of the principal business men here signed it. Messrs. Waldo and Julien, Ah Chouey's attorneys, will present the petition to the board to-morrow for action. This is Ah Chouey's last resource. If it fails, he is bound to swing.

## Our Evangelist Gone.

The peripatetic apostle who for the last three or four days has been retailing sections of the "spirit" from the top of a dry goods box on our streets has gone from our midst. His nasal voice is heard no more dealing out Biblical lore to the curious and ungodly. He said he was going to the very gates of hell to save sinners, and the probabilities are that he has taken his way to Gold Hill.

## I. O. G. T. Installation.

The following officers elect of Haswell lodge, No. 18, of I. O. G. T., were duly installed last night by A. L. Hurd, lodge deputy: H. B. Maxson, W. C. T. W. Cook, W. Sec.; J. H. Hepworth, W. F. S.; Hettie Costa, W. T.; Frank Peterson, W. C.; Frank Stoddard, W. M.; Mrs. A. L. Hurd, W. I. G.; Jennie Hill, W. R. H. S.; Manda Johnson, W. A. Sec.

## Going to put on Another Story.

The walls of Steele Brothers and J. J. Becker's new brick are rapidly rising. It has been determined to add another story to the building, making it two stories instead of one as was originally intended. The front of the building will be of iron and glass of a highly ornamental design.

## Boring Away.

The Jones & Kinkead tunnel is in over 400 feet, and is progressing at the rate of a foot and over a day. The rock is very hard.

## Notices.

A degree meeting of Fidelity lodge, No. 2, I. O. G. T., will be held in their hall Friday evening May 9th, at 7:30. A full attendance is requested. J. A. Lewis, L. D.

# PERSONAL.

Frank Free, superintendent of the Truckee division, is in town.

J. H. Borland, of Rye Patch, is registered at the Lake house.

Judge King arrived from Carson yesterday evening, and conveyed the district court to-day.

Senator J. P. Wheeler, of Storey county, came down from Virginia last evening, and departed on the northern stage this morning.

Geo. P. Harding, one of the legal lights of Winnemucca, is down on the Lake house register.

Ed. R. Dodge, county clerk of Eureka county, was in town last night.

J. F. Wilcox started for his home in Cottonwood Valley behind the finest six horse team we have seen for many a day.

J. K. Everett has seeds of every kind including alfalfa seed, wheat etc. Bishop Whittaker leaves to-morrow for an extended trip through the eastern part of the State. While absent he will visit Eureka, Austin, Hamilton, Belmont, Tybo, Pioche and other places.

Dr. D. Banks McKenzie having brought his labors in Reno to a close, took the cars last night for the East. His work here was entirely gratuitous, and has been productive of many good results. He leaves with the best wishes of many warm friends, made during his short stay among us.

## As Good as New.

Hammersmith & Belz are nicely located pretty near where they were before the fire. Their shop is the picture of neatness and the perfection of convenience. Mr. Belz, the solid barber of Reno, made a trip to San Francisco to select the furniture, and what he could not find to suit him he had made to order. He bought three of the finest chairs to be had, a big French plate mirror, a large marble wash stand with three stalls to it, and other articles too numerous to mention, as the auctioneers say. All of these things are new in place and a man can have his shave in the highest style of the art. Best of all, a high and kingly throne has been provided wherein Adam seats his customers when he improves their understandings with brush and fine French blacking. The establishment is a fine one, and will be run for all it is worth.

## Business Change.

A change has been made in the San Francisco agency of the Reno Savings Bank by the retirement from the firm of Latham and King of Mr. Latham. Homer King continues the business. He is a solid and reliable gentleman.

## Brooch Lost.

Somewhere between J. C. Hagerman's residence and the court-house a gold brooch, with two rows of diamond-shaped jets around a circular shaped jet in the centre. The finder will receive the value of the same by leaving it at this office. may2

To the Good People of Reno.

Having entered the field with the balance to contend for a share of the public patronage, it would perhaps be well at the start to state our claims to the above. I am not a sufferer by the fire, as claim no sympathy on that score. I believe it's the duty of the good people to give preference to old residents, provided all things are equal, but if Brown asks fifty cents for what Smith is willing to sell for twenty-five, on the grounds that he is looser by this fire and wants to get even, the trade will naturally go to the latter. Hence I say we have no claim on the people except on those who may wish to economize. If you wish to buy your wife a fine silk dress by all means go to Emrich. If you want a suit of fine clothes go to friend Nathan's or Abrams, but if you want a "goose yoke," rat trap or jack knife go to Yankee Dodge's, where a dollar will buy a basketful. Recollect goods just as square as though sold over a marble counter. A child that can lip out the names of the articles wanted, can buy just as cheap as an expert.

P. S.—Money will be refunded on all goods that do not prove as represented. YANKEE DODGE & Co. mrd7
